

## **EXTERIOR PRE-PAINT CHECK LIST**

The following checklist will assist us in being able to complete our work quickly and cause less disruption to your routine.

### **Prior to our Arrival:**

1. Cut back all bushes or vines which are close to, or connected to the house.
2. Remove and store all items from your front or back porch which you would not want to get wet during the pressure washing.
3. Make sure all windows are closed prior to our arrival for pressure washing.
4. Call us prior to your paint job with any questions or concerns you may have. We will be glad to discuss them with you.
5. Please leave phone numbers where you may be reached during the day.
6. Please confine children and pets away from the work areas. In general, the less people around the job site, the better for all concerned.
7. Please relax. You have hired professionals who do this every day. We understand the disruption caused by having work done in your home and we will do everything possible to make it as easy for you as we can.
8. If you are unable to do any of the items on the checklist, please contact us and we will be happy to make arrangements with you.

**Thank you for your cooperation.
